Technical Advisory & Distance Education Committee

Meeting Minutes September 5th, 2018 in Room H124-2pm

Attendees: Pamela Harmon, Joe Buchel, Erin Stapleton-Corcoran, Hilary Meyer, Humberto Espino, Justyna Koc, Regina Hughes, Renee Wright, Patricia Knol.

1. Online training pilot discussion.

14 faculty started in May 2018

12 finished by July 2018

Joe Buchel, who facilitated the training with Jackie Mullany, indicated that the 3 module training went well. Aside from a few broken links, the course did not pose any significant issues or concerns.

Students of the pilot said they liked the flexibility of the training and liked the timing of it that was spread out over three months. Each month, a training module was released.

2. Online training as an alternative to ION.

Interested faculty need to email e-support@triton.edu

We recommend that those who are interested, please speak to the Chair/Coordinator or Dean, so they know you are participating. This does not guarantee you will teach an online course. All online courses taught are subject to availability and contractual guidelines.

3. Other:

Humberto mentioned that there is now a 3rd-floor computer lab in the G building. Keep in mind that you can always request a lap-top cart instead.

Hilary Meyer mentioned that the college would be revising its mission and vision statement.

● Lastly, any faculty who are in need of assistance with Blackboard, please attend workshops in the CTE with Erin Stapleton-Corcoran and Pamela Harmon or contact us directly via email. We offer a variety that includes open labs where you can bring questions specific to your needs.
