Grant Writing Tip:

The best grant proposals reflect our mission and our best efforts to solve a critical institutional challenge, which also aligns with a critical challenge a funder is attempting to solve. As a result, we often need to look beyond what we need at Triton and consider the broader impact and how we can contribute to a particular area or field at other community colleges or in higher education throughout the state, nationally and globally.

Many of these opportunities are time-sensitive and require a quick response time. Please contact us at ext. 3022 or stop by E-315 ASAP if you're interested in any of these funding opportunities. Thank you for your hard work!

***Deadline reflects the internal target date established by the GDO for planning purposes.**
