Grant News:

Recently Awarded:

\$400,700—Carl D. Perkins Career and Technical Education (CTE). Perkins funding levels are based upon an institution's CTE Pell count, not the total Pell count as in previous years. FY18 funds will allow Triton to improve Career and Technical Education programs and facilitate the academic achievement of CTE students.

Congratulations to Dean Jacqueline Lynch and the Adult Education Department on the recent Illinois Community College Board Adult Education and Family Literacy Grant in the amount of **\$921,100**. This fulfills the state commitment for Fiscal Year 2017.

Grants Compliance Tip: Triton College works diligently to avoid returning grant money back to a funding agency. When funds are returned, **it places the institution at risk of losing future funding support** and compromises our reputation as it indicates we cannot successfully execute grant projects. In **FY17, Triton College returned \$8,144 in external grant funding**. In FY18, our goal is to expend all grant funds. Please contact the GDO to start setting up your grants budgets and planning your deliverables for the year!

Many of these opportunities are time- sensitive and require a quick response time. Please contact us at ext. 33631 or stop by E-315 **ASAP** if you're interested in any of these funding opportunities. Thank you for your hard work!

*Deadline reflects the internal target date established by the GDO for planning purposes.
