

Grants Development Office Funding Opportunities

Week of May 6, 2019

~It starts with an idea

Federal

- Project Title:** Childcare Access Means Parents in School (CCAMPIS)
- Funder:** US Department of Education, Office of Postsecondary Education
- Description:** This program supports existing or new campus-based childcare programs primarily serving the needs of low-income students enrolled in an institution of higher education. CCAMPIS Program funds may be used either to directly provide childcare services or contract for the provision of child care services. Fundable activities offer flexible and affordable childcare arrangements such as subsidizing childcare costs for low-income, Pell-eligible students and providing childcare services before and/or after school.
- Website:** <https://www2.ed.gov/programs/campisp/index.html>
- Deadline:** Child Development Center
- Recommended Areas:** May 31, 2019
- Award:** \$30,000 - \$375,000

- Project Title:** Perkins Innovation and Modernization Grant Program
- Funder:** Department of Education
- Description:** The intent of this Perkins V program is to identify, support, and rigorously evaluate new evidence-based and innovative strategies that improve and modernize career and technical education (CTE) and better prepare students for success in the labor market. Funds under this grant can be used for a variety of activities, including designing and implementing courses or programs of study aligned to labor market needs in new or emerging fields; working with industry to upgrade equipment, technology, and related curriculum used in CTE programs; and professional development for CTE instructors, administrators, career guidance and academic counselors, and paraprofessionals.
- Website:** <https://ctepolicywatch.acteonline.org/2019/04/perkins-innovation-and-modernization-grant-program-funding-announcement.html>
- Recommended Areas:** Business and Technology
- Deadline:** June 14, 2019 (Letter of Intent: May 15, 2019)
- Award:** \$400,000 - \$500,000 (50% match required)

Federal

- Project Title:** Education and workforce Development Program
- Funder:** US Department of Agriculture, National Institute of Food and Agriculture
- Description:** This program includes two relevant focus areas: 1) Professional Development for Agricultural Literacy funds projects that help K-14 educators integrate food and agricultural science concepts in their classes; explore available opportunities in food and agricultural science career paths; and/or forge mentorships with professional and business leaders; 2) Agricultural Workforce Training funds curriculum development at two-year campuses aimed at expanding job-based, experiential learning opportunities for students.
- Website:** <https://nifa.usda.gov/funding-opportunity/agriculture-and-food-research-initiative-education-workforce-development>
- Recommended Areas:** Arts & Sciences, Business & Technology
- Deadline:** June 13, 2019
- Award:** \$300,000 (Prof. Dev.)
\$500,000 (Curriculum Development)

Deadlines may reflect the internal target date established by the GDO for planning purposes.

Foundation

- Project Title:** Building Vibrant Communities Program
- Funder:** Bank of America Charitable Foundation
- Description:** The Foundation supports local and regional revitalization efforts that take a holistic approach to building thriving communities by creating economic opportunity and livable neighborhoods. One focus area includes supporting community greening efforts that create healthy neighborhoods and environmental sustainability through the preservation, creation, or restoration of open space, parks, and community gardens.
- Website:** : <https://about.bankofamerica.com/en-us/global-impact/charitable-foundation-funding.html#fbid=9LyokZRH3Pa/hashlink=communitydevelopment/>
- Recommended Areas:** Arts & Sciences, Business & Technology
- Deadline:** June 28, 2019
- Award Ceiling:** \$2,500-\$50,000

- Project Title:** Graduating High School College Career Ready
- Funder:** SC Johnson Foundation
- Description:** The SC Johnson Foundation has a particular interest in funding STEM initiatives that benefit elementary, secondary, and postsecondary students. Though many of their partnerships are with organizations and institutions in Racine and Kenosha (their headquarters), they do fund projects outside of their service region. Examples of funded projects include curriculum development, learning space/lab renovation, and financial aid for low-income students.
- Website:** <https://www.scjohnson.com/en/our-purpose/social-responsibility-news/education/sc-johnson-supports-stem-funding-literacy-and-tomorrows-innovators>
- Recommended Areas:** Business & Technology
- Deadline:** Ongoing
- Award:** Varies

Grant News:

Grant Awards

\$651,652 - Carl D. Perkins CTE Grant

The Illinois Community College Board awarded Triton College funding to support its Career and Technical Education programs. The grant funds are to be used to improve the academic performance and completion rates of CTE students. **Way to go, Triton!!**

Thank you to all who attended the 3rd Annual Grant Ideas Summit!

The purpose of the Summit was to assist Triton in generating grant-fundable project ideas and to develop existing ideas more fully. Participants brainstormed project ideas that aligned with the campus' strategic priorities and used a logic model to develop their projects. The GDO is looking forward to continuing conversations with each of you and identifying viable funding sources.

Grant Compliance Tip:

Triton College works diligently to avoid returning grant funds back to the funding agency. If funds are returned, it places the institution at risk of losing future funding support and compromises our reputation indicating we cannot successfully execute grant projects. **Please contact the GDO and your grant accountant immediately to assist with any challenges related to expending your grant funds before June 30, 2019.**

Many of these opportunities are time-sensitive and require a quick response time. Please contact us at ext. 3022 or stop by E-315 **ASAP** if you're interested in any of these funding opportunities.
