Grant News:

Recently Awarded

Congratulations to **Antigone Sharris and Andrea Blaylock** on being awarded a **\$5,000 Student Development & Achievement Grant** from the JCCC Foundation. The funds will be used to support activities of the **GADgET** (Girls Adventuring In Design and Engineering Technology) program.

Grant Compliance Tip:

The **Office of Management and Budget (OMB)** has become more focused on grant compliance, and private funders have also focused greatly on positive project outcomes and results.

Triton must ensure that programs are being measured, funds are spent in accordance with the approved budget, and issues addressed as soon as they arise. **In FY18, an estimated \$26,781 was returned to funders.** Returning funds puts the college at risk for future funding and risks funder relationships.

Many of these opportunities are time- sensitive and require a quick response time. Please contact us at ext. 3022 or stop by E-315 **ASAP** if you're interested in any of these funding opportunities. Thank you for your hard work!

*Deadline reflects the internal target date established by the GDO for planning purposes.
